EXPERIENCE

We have over a decade of experience serving both small and large high-profile events.

TALENT

Our Djs are qualified to act as both consultants as well as full emcees for your event.

PROFESSIONALISM

We use professional grade equipment by top respected brands in the industry. Our music library is one of the largest in the area and includes clean versions of many songs. Everything scheduled for your event is presented on a written contract.

RELIABLE

We are a small company - not a large agency or network of subcontractors. All packages come with built in failovers.

UNIQUE

There's nothing cookie-cutter about our approach. We leverage online planning tools to ensure we understand your vision. No two events are alike. Don't settle for a company that approaches them that way.
